Dear Michael,

Michael, it was such a pleasure to meet you. Thank you for all your help. With your expertise and patience, we came away so happy with the added information we gained from all your knowledge. I just looked over the report and it does look great. So much of this was talked about Saturday and I'm glad it's in writing so we can slowly use this as a guide once we take ownership of the house and make improvements here and there. We are so glad to be getting such a nice house. My husband, daughter and I were so glad and had such a positive feeling about everything when we left there. You, the Realtor, and the owner, were so helpful to us.

Thank you for everything. Also, thank you for helping me with all my early-on calls before you ever even knew my name. We appreciate everything.

I'll definitely be calling you down the road.

Thanks again for such a pleasant experience. You're a really good person.

Take care.

M. A. Y.

From Client Survey

We are so glad that we chose your company for our inspection. The inspector was so helpful, knowledgeable and professional in every sense of the word. We left the home feeling very confident about our purchase. With the written report that was full of information we will be able to refer to it in the future when doing any work to our house. There were minor things reported that we had not seen or would not have known about, had we not had you do and inspection. We learned a lot about our house during the inspection that will help us in the future. Thank you again for such an enjoyable experience.
